Dear Ms. Boyd:

Pursuant to the Commission Directive issued on November 15, 2019, in the above-referenced dockets, Duke Energy Carolinas, LLC (“DEC”) and Duke Energy Progress, LLC (“DEP”) hereby respectfully submit the proposed guidelines for Qualifying Facilities to become “controlled solar generators” and thereby avoid application of the Solar Integration Services Charge. This document will serve as Exhibit 11 to any applicable power purchase agreement entered into by DEC or DEP with a solar generator that is exempted from the Solar Integration Services Charge. DEC and DEP are also filing these guidelines contemporaneously with the North Carolina Utilities Commission (“NCUC”) pursuant to the NCUC’s Supplemental Notice of Decision issued on October 17, 2019, in Docket No. E-100, Sub 158.

Sincerely,

Rebecca J. Dulin
